Work & travel scorecard

Compare options on the same scale. A higher score should always mean a better fit for you.

Option / job / project

Date and location

Factor	1 = weak fit	5 = strong fit	My score
Income reliability	Uncertain	Tested and dependable	
Flexibility	Fixed or awkward	Works with the trip	
Manageable workload	Unsustainable	Realistic and sustainable	
Travel compatibility	Restricts my plans	Fits the pace I want	
Skills fit	Large untested gap	Demonstrated ability	

Total: ____ / 25. Use the scores to compare options, not to predict income. Work permission, essential income and safety are separate go/no-go checks.

Start-up time and cost

Equipment / training needed

Permission, tax or insurance questions

Smallest low-cost way to test the option

Decision: test, investigate further, or leave it
